We are not just running against Kamala. She means nothing. She is purely a puppet. We are running against the radical left thugs and the all-powerful Fake News, which is a massive, vicious, crooked, radical left machine that runs today's Democrat Party.

Kamala's campaign is a joke. Not only the people are racist, all men are trash, and all billionaires are evil it's kinda hard to keep them on your side. If you're chasing people out of the party, you can't be mad when they leave."
